Dear Shareholder

Notice of General Meeting and Adoption of Revised Investing Policy

I am pleased to give you notice of the Annual General Meeting of the Company to be held at 11.00 a.m. on 29th June 2023 (the "AGM").

Annual General Meeting

Following the announcement of the annual report and accounts for the period ended 31 December 2022 ("Annual Report and Accounts"), notice of the AGM (the "Notice") is given on pages 7 and 8. The Notice sets out the resolutions that shareholders are being asked to consider. The receipt of the Annual Report and Accounts, together with resolutions relating to the auditors and the appointment of directors will be considered and, if thought fit, approved at the AGM. Resolutions 1 to 7 are proposed in respect of these matters. In addition, resolutions 8 and 10 seek authority to allot shares and to disapply preemption rights and resolution 11 provides authority for the purchase of own shares. Resolution 9 seeks to expand the Company's existing investing policy.

Resolutions 1 to 9 set out in the Notice are proposed as ordinary resolutions and resolutions 10 and 11 are proposed as special resolutions. Further details of the resolutions are set out below:

Resolution 1 - Annual Report and Accounts

Resolution 1 proposes the receipt of the audited accounts and financial statements of the Company for the period ended 31 December 2022, together with the Directors' Report and Auditor's Report thereon.

The Annual Report and Accounts are available on the Company's website www.tridentroyalties.com.

Resolutions 2 and 3 - Re-appointment and remuneration of Auditor

The re-appointment of PKF Littlejohn LLP ("PKF") as auditor of the Company terminates at the conclusion of the AGM. PKF have indicated their willingness to stand for re-appointment as auditor of the Company until the conclusion of the annual general meeting in 2024. The Directors recommend PKF's re-appointment and seek authority to fix their remuneration.

Resolution 2 proposes the re-appointment of PKF Littlejohn LLP as the Company's auditor and resolution 3 authorises the Directors to determine the auditor's remuneration.

Resolution 4, 5, 6 and 7 - Re-appointment of Directors

Article 75 of the Company's existing articles of association (the "Articles") requires all Directors to submit themselves for re-election at least every three years or, in the case of a Director appointed since the last AGM, at the subsequent AGM. Both David Reading and Richard Hughes were appointed by the board of Directors ("Board") since the last AGM, and are therefore offering themselves for re-appointment in accordance with the Articles. Both Adam Davidson and Albert Gourley are required to submit themselves for re-election this year, in accordance with Articles. The Board supports the re-appointment of David Reading, Richard Hughes, Adam Davidson and Albert Gourley.

Biographical details of the directors standing for election can be found on page(s) 44 and 45 of the Annual Report and Accounts.

Resolution 8 - Directors' authority to allot shares

The existing power granted to the Directors' to allot shares expires at the conclusion of the AGM. Accordingly, resolution 8 is proposed to renew the Directors' authority under section 551 of the Companies Act 2006 (the "Act") to allot Ordinary Shares in the Company or grant rights to subscribe for, or convert any security into, shares up to an aggregate nominal amount of £1,000,000. This means that, following approval, the Company will have authority to allot up to a further 100,000,000 Ordinary Shares.

The authority sought in resolution 8 at the AGM will expire at the conclusion of the next annual general meeting of the Company or, if earlier, at the close of business on 30 June 2024 (unless previously renewed, varied or revoked by the Company).

Resolution 9 – Revised Investing Policy

Introduction

Under the existing investing policy of the Company adopted pursuant to the AIM Rules for Companies (the “Investing Policy”), the focus of the Board is to build a diversified portfolio of royalties and streams over mining assets. However, the Board has been presented with opportunities concerning potential royalties, streams and/or offtakes in relation to carbon credits and emission reductions within the growing carbon market. The Board believes that the diversification of the Company’s target investments to permit investments in royalties, streams and/or offtakes in relation to carbon credits and emission reductions has the potential to deliver returns consistent with the Company’s current business. Further, the Board are of the opinion that the revision of the Investing Policy will also strengthen the Company’s sustainable strategies with regards to offsetting its own carbon emissions and is in line with its commitment to environmental, social and governance matters. The Company is therefore seeking shareholder approval to broaden its investment focus and expand its Investing Policy (the “Revised Investing Policy”).

The Company is also seeking to make a minor amendment to the Investing Policy to specifically refer to offtakes in relation to mining assets, as well as carbon credits and emission reductions.

Existing Investing Policy

The Company’s current Investing Policy is as follows:

“Trident’s Investing Policy is to build a diversified portfolio of royalties and streams over mining assets. Income generated by these assets will be used to make additional investments in order to continue growth, diversification and stability of income, and, once appropriate scale has been reached, to pay dividends to shareholders.

The Company believes that this strategy will generate both capital appreciation and attractive dividend returns for its shareholders in due course. The key elements of the Company’s strategy are as follows.

Diversification

The Company is seeking to create a portfolio of royalty and stream assets that is diversified by:

- Commodity: targeting a mix of commodities encompassing base and precious metals, bulk materials (excluding thermal coal) and battery metals;
- Geography: seeking assets in “mining-friendly” jurisdictions worldwide; and
- Asset life cycle: in addition to producing mines, the Company intends to seek investments in the exploration and development stages, thereby providing exposure to assets across the development spectrum.

Given the multi-layered diversification the Company is seeking, it is expected that it will take some time to deliver the targeted portfolio mix. Further, particularly during the early life of the Company, its portfolio may be concentrated in a limited number of assets, commodities and geographies.

There is no minimum or maximum number of royalties and streams that the Company can hold at any one time. Similarly, there are no limits nor minimum or maximum exposure limits to any one royalty or stream, commodity, geography or asset stage.

Reinvestment

As the mining assets that underpin the royalties and streams which the Company acquires or writes have finite lives, the Company will utilise a portion, and potentially all, of the income it receives to invest in new royalty and stream opportunities, both primary and secondary. The Board believes that this is an important element of the Company’s strategy as it replenishes depleting assets, enhances diversification and delivers continued growth for the Company.

Investment size

The Company does not place any limitations on the size of the investments it will seek.

Investment structure

It is anticipated that the Company’s primary method of investment will be through:

- the acquisition of existing royalties and streams; and
- by providing capital in exchange for the creation of new royalties and streams (known as “writing” a royalty or stream).

The Company will not seek to make standalone equity or debt investments in companies. However, there may be occasions where the Company makes such an investment either as a small element of a larger royalty or stream investment or as a precursor or option to a follow-on investment. The Board believes that having this flexibility will give it a competitive advantage as it seeks to secure attractive investment opportunities.

The Company will not seek to make standalone acquisitions of physical commodities. However, there may be occasions where the Company makes such an investment either as a small element of a larger royalty or stream investment or as a precursor to a follow-on royalty or stream investment.

It is also anticipated that the Company may make acquisitions of companies or holdings in companies which hold or primarily hold royalties or streams or portfolios of royalties or streams.

Resolution 9 – Revised Investing Policy continued

Leverage

Once an appropriate level of scale has been achieved, the Directors expect to use conservative levels of debt financing to enhance returns to shareholders, and to give the Company additional flexibility to execute on royalty and stream finance opportunities as they arise. These debt facilities will likely include, although may not be limited to, revolving style credit facilities or convertible loan style facilities which may be utilised to acquire additional royalties or streams and may be entered into by Trident or its subsidiaries.

The Directors believe that, as well as enhancing shareholder returns, utilising leverage will allow the Company to benefit from a lower cost of capital thereby increasing its competitiveness in the global royalty and stream finance market. Furthermore, access to a credit facility, will reduce the Company's reliance on equity markets as its only source of external capital and will allow it to be nimble in executing investment opportunities.

As the Company grows its asset base through both the acquisition of existing royalties and streams and by writing new royalties and streams, its debt structure will likely change over time. From Admission, there is no limit on the Directors' ability to borrow or incur indebtedness. The Company will undertake an annual review of its debt structure to ensure that it remains appropriate.

Review of the Company's investing policy

Under the AIM Rules, any material changes to the Investing Policy require the prior consent of the Company's shareholders in a general meeting of the Company. Any variation to the Company's investment objective and policy or restrictions will be made only following approval of the Board and subject to compliance with the AIM Rules."

The Company believes that this strategy will generate both capital appreciation and attractive dividend returns for its shareholders in due course."

Proposed Revised Investing Policy

The Board is proposing to revise its Investing Policy as follows:

"Trident's Investing Policy is to build a diversified portfolio of royalties, streams and offtakes over mining and certain other assets. Income generated by these assets will be used to make additional investments in order to continue growth, diversification and stability of income, and, once appropriate scale has been reached, to pay dividends to shareholders.

The Company believes that this strategy will generate both capital appreciation and attractive dividend returns for its shareholders in due course. The key elements of the Company's strategy are as follows.

- Geography: seeking assets in "mining-friendly" jurisdictions worldwide; and
- Asset life cycle: in addition to producing mines, the Company intends to seek investments in the exploration and development stages, thereby providing exposure to assets across the development spectrum.

In addition, further diversification will be sought by including, as a minor part of the portfolio, royalties, streams and offtakes over assets which produce or have the potential to produce or generate carbon credits and/or emission reductions, wherever situate in the world.

Given the multi-layered diversification the Company is seeking, it is expected that it will take some time to deliver the targeted portfolio mix. Further, particularly during the early life of the Company, its portfolio may be concentrated in a limited number of assets, commodities and geographies.

There is no minimum or maximum number of royalties, streams or offtakes that the Company can hold at any one time. Similarly, there are no limits nor minimum or maximum exposure limits to any one royalty, stream or offtake, commodity, geography or asset stage.

Expertise of the Board

The proposed revision of the Company's investing policy is, in the Board's view, unlikely to require additional experience to be brought onto the Board, however, the Company may choose to continue to use independent experts and advisers where it is considered that specialist assistance is needed to assess investment opportunities and risks including in the carbon markets.

Biographies for the Directors can be found on the Company's website at www.tridentroyalties.com.

The Company does not use an investment manager in respect of its investments.

Taxation Status and Taxation Strategy

The proposed Revised Investing Policy will have no impact on the tax status and strategy to taxation of the Company.

Resolution 10 – Disapplication of pre-emption rights

This resolution renews an authority granted at last year's AGM and gives the Directors authority to allot any shares or grant rights over shares or sell treasury shares for cash (other than pursuant to an employee share scheme) without first offering them to existing shareholders in proportion to their holdings. Resolution 10 authorises the disapplication of pre-emption rights on allotments or sales of equity securities of up to an aggregate nominal amount of £1,000,000. The authority in this resolution will authorise the Directors to allot any shares or grant rights over shares or sell treasury shares for cash for up to 100,000,000 Ordinary Shares.

Given the Company's investment policy and growth to date, whilst the authority sought represents a significant portion of the issued share capital, the Directors believe that this is appropriate to assist the Company continuing its growth strategy, which relies on the ability to execute on new royalty and streaming acquisition opportunities quickly as they arise. The Company has significantly delivered on its strategy over the previous 12 months therefore the authority sought by resolution 10 is set at the same level granted by shareholders at the 2022 AGM.

The authority sought in resolution 10 at the AGM will expire on the conclusion of the next annual general meeting of the Company or, if earlier, at the close of business on 30 June 2024 (unless previously renewed, varied or revoked by the Company).

Resolution 11 - Authority to purchase own shares

This resolution seeks to renew the authority for the Company to make market purchases of its own ordinary shares. The authority limits the number of ordinary shares that could be purchased up to 10 per cent. of the Company's issued ordinary share capital at, or between, the minimum and maximum prices specified in resolution 11.

This power would be used only after careful consideration by the Directors, having taken into account market conditions prevailing at that time, the investment needs of the Company, its opportunities for expansion and its overall financial position. The Directors would exercise the authority to purchase ordinary shares only if they considered it to be in the best interest of shareholders and if the purchase could be reasonably expected to result in an increase in earnings per share.

Under the Act, the Company is allowed to hold its own shares in treasury which it has purchased, instead of cancelling them. Such shares may be resold for cash or used for the purpose of employee share schemes but all rights attaching to them, including voting rights and any right to receive dividends, are suspended whilst they are held in treasury. Accordingly, if the Directors exercise the authority conferred by resolution 11, the Company will have the option of holding these shares in treasury, rather than cancelling them.

The authority sought in resolution 11 at the AGM will expire on the conclusion of the next annual general meeting of the Company or, if earlier, at the close of business on 30 June 2024 (unless previously renewed, varied or revoked by the Company).

As at 5 June 2023 (being the latest practicable date prior to the publication of this document), the total number of options and warrants to subscribe for shares in the Company was 31,575,517 which if exercised would represent approximately 10.84% of the Company's issued ordinary share capital as at that date (excluding treasury shares). If the Company were to purchase the maximum number of ordinary shares permitted by resolution 11, the number of options outstanding could potentially represent approximately 12.04% of the Company's issued ordinary share capital (excluding treasury shares).

Action to be taken

Shareholders will find enclosed a Form of Proxy for use at the AGM. Whether or not shareholders intend to be present at the meeting, shareholders are requested to complete and return the Form of Proxy in accordance with the instructions printed on the form, to the Company's registrar, Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, B62 8HD, as soon as possible and in any event so as to be received either by post or by hand (during normal business hours only) or by emailing it to info@nevilleregistrars.co.uk, not later than 11.00 a.m. on 27th June 2023, being 48 hours (excluding UK non-working days) before the time appointed for holding the meeting or, in circumstances where the AGM is adjourned, 48 hours before the time of the adjourned meeting (excluding any UK non-working days). If you hold your Ordinary Shares in uncertificated form (i.e. in CREST) you may appoint a proxy by completing and transmitting a CREST Proxy Instruction in accordance with the procedures set out in the CREST Manual so that it is received by the registrar (under CREST Participant ID 7RA11) by no later than 11.00 a.m. on 27th June 2023, being 48 hours (excluding UK non-working days) before the time appointed for holding the meeting or, in circumstances where the AGM is adjourned, 48 hours before the time of the adjourned meeting (excluding any UK non-working days). Unless the Form of Proxy or the CREST Proxy Instruction is received by the date and time specified above, it will be invalid.

If your shareholding is held through a broker or nominee, as the registered shareholder they will be required to submit your vote by completing the Form of Proxy or voting through CREST. Should you wish to vote at the AGM (instead of your broker or nominee), your broker or nominee may appoint you as their proxy or as a corporate representative. A proxy may only be appointed by using the procedures set out in the notes contained in the Notice and the notes to the Form of Proxy or, if shares are held in uncertificated form by using the CREST electronic proxy appointment service as detailed in the notes contained in the Notice.

Appointment of Proxies

You can appoint a proxy by:

- returning your completed Form of Proxy by post or by emailing it to Neville Registrars Limited at info@nevilleregistrars.co.uk;
- submitting (if you are a CREST member) a proxy appointment electronically, by using the CREST voting service.

Proxy appointments, whether submitted electronically or by post, must be received by Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, B62 8HD by no later than 11.00 a.m. on 27th June 2023.

Recommendation

The Board believes that the resolutions to be put to the AGM and the broadening of the Company's investing policy are in the best interests of the Company and shareholders as a whole and, accordingly, the directors unanimously recommend that shareholders vote in favour of the resolutions.

Yours faithfully

Paul Smith

Non-Executive Chairman

In the case of a shareholder which is a company, the proxy form must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company.

Any power of attorney or any other authority under which the proxy form is signed (or a duly certified copy of such power or authority) must be included with the proxy form.

If you have not received a proxy form and believe that you should have one, or if you require additional proxy forms, please contact Neville Registrars Limited on +44 (0) 121 585 1131 or by email at info@nevilleregistrars.co.uk.

CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Annual General Meeting and any adjournment thereof by using the procedures described in the CREST manual. CREST personal members who have appointed a voting service provider(s) should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CRESTCO's specifications and must contain the information required for such instructions, as described in the CREST manual. All messages relating to the appointment of a proxy or an instruction to a previously appointed proxy must be transmitted so as to be received by Neville Registrars Limited (ID: 7RA11) no later than 11.00 a.m. on 27th June 2023. Normal system timings and limitations will apply in relation to the input of CREST Proxy Instructions. It is therefore the responsibility of the CREST member concerned to take such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable their CREST sponsor(s) or voting service provider(s) are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001 as amended.

If you attempt to revoke your proxy appointment but the revocation is received after the time specified, your original proxy appointment will remain valid unless you attend the meeting and vote in person.
